The Writing and Research program of the Graduate Student Success Center (GSSC) continues to offer practical and in-depth mentoring and advising to graduate students in the School of Education. All students pursuing their Master of Education degree are encouraged to make use of the consultation that is provided in the Center. Regular GSSC hours are Monday – Friday, 8:30 – 5:00 p.m., or by appointment. To schedule an appointment with the Writing and Research Coordinator, please email Catherine Barber at barbercr@stthom.edu.

In addition, the GSSC will be hosting several workshops in the Fall semester for students who are working on their Action Research study. These workshops include:

The Human Subjects Committee – start to finish (Sept. 17, Sept. 24, and Oct. 1)

Descriptive statistics in Excel (Oct. 22)

Calculating and interpreting basic inferential statistics using online calculators (Oct. 29)

Creating APA-style tables and figures in Word (Nov. 5)

All workshops will take place online through screensharing software and will be held at 7:15 – 8:15 p.m. on the dates listed above. Be sure to reserve your spot by emailing Catherine Barber at barbercr@stthom.edu at least one week in advance.

Finally, recently rolled out a semi-annual satisfaction survey, which we hope will provide valuable information about the needs of our graduate students and how better to serve them. If you have visited the GSSC in the past two years, we may be sending you a survey. Please take a few minutes to complete this anonymous survey. Your feedback is extremely important to us!

Have a great year! --The PPOHA team
