Note that financial support is the issue here; it does not matter whether the child lives with you or not.

Do you have dependents other than a child or spouse?
 Answer "Yes" only if at least one dependent lives with you and receives more than half of their support from you, now and through June 30, 2013.

The court must be located in your state of legal residence at the time the court's decision was issued.

Answer "No" if you are still a minor and the court decision is no longer in effect or the court decision was not in effect at the time you became an adult. The financial aid administrator at your school may require you to provide additional information such as a copy of the court's decision.

Investment debt equals how much you and either your spouse or your parent(s), as applicable, owe on real estate and investments other than your principal residence. Investment debt means only those debts that are related to the investments.

Section V: Total Family Income

39. Was your total family income less than \$6,500 in 2011?

In order to accurately assess your financial situation, your college/university needs to account for all sources of income. In cases where your income falls below \$6,500, an explanation is required, as this amount is considered to be significantly below the 2011 poverty level set by the U.S. Department of Health and Human Services. In the explanation that you provide to the college or university, make sure that you list all sources of income and itemize your living expenses.

If a relative claims you on his or her taxes, some schools may require that you provide a copy of his or her IRS federal income Tax Form. Check with the school that you are planning on attending to find out if additional documentation is required.

Include a breakdown of your living expenses

If you answered "Yes", make sure that you provide a letter that explains all your sources of income and how you were able to cover all your living expenses. You may want to provide an itemized budget.

Section VI: Statement of Selective Service Registration Status

40. Selective Service Registration Status

If you are male between the ages of 18 and 25, you must register with Selective Service in order to qualify for any type of state aid (regardless of residency status).

You may obtain a Selective Service registration form from any local post office. Complete this registration form and mail it to the Selective Service System office.

As soon as you receive your registration acknowledgement card, you should provide a copy of this acknowledgement card to the financial aid office of the institution you are attending or plan to attend. While you wait to receive your acknowledgement card, you can still complete the TASFA by checking the last box.

Certification of Registration Status

Under Texas Education Code, Section 51.9095, if you are currently of the age and gender requiring registration with Selective Service, but knowingly and willfully fail to do so, you are ineligible to receive funds from the State of Texas.

Exemptions

Almost all male U.S. citizens, and male noncitizens living in the U.S. who are 18 to 25 years of age, are required to register with Selective Service. Some noncitizens are required to register and others are not. Noncitizens not required to register include men who are in the U.S. on student or visitor visas, and men who are part of a diplomatic or trade mission and their families. Almost all other male noncitizens are required to register, including undocumented residents, legal permanent residents, and refugees.

Non-Registrants

If you are not registered as required, you are presently not eligible to receive state aid and should register promptly at a United States post office. A Certificate of Mailing may be obtained from the post office at such time that you mail your registration and may be used as proof of your application until you receive your Selective Service Registration Card.

Privacy Act Statement

Because information on your registration status is essential for determining whether you are in compliance with the Selective Service law, **failure to provide the information requested by this statement will prevent you from receiving state aid.** This information is subject to verification with the Selective Service System.

False Statement Notification

A false statement may be grounds for your state aid to be suspended.

Review

Should any question arise regarding your registration or eligibility for an exemption, you may request an official "status information" letter from the Selective Service System by calling 1-888-655-1825. As an alternative, you may send a written request to the Selective Service System at P.O. Box 94638, Palatine, IL 60094-4638.

41. a. Student and Parent Signature

Remember to sign your name on the application. Also, if you are classified as a dependent student, one of your parents must sign the application. The application will not be processed until all required signatures are included.

b. High School Counselor

This section applies only to those students who will be *first-year college students (freshmen) in the 2012-2013 academic year. If extenuating circumstances exist that preclude your parent from signing this form, your high school counselor can sign this form in lieu of your parents.

When a high school counselor signs this form on behalf of the student's parent, the high school counselor is attesting to the accuracy of the information provided on the application based on his or her knowledge of the student's situation. Also, by signing the form, the counselor agrees to cooperate with the college or university's financial aid administrator in providing documentation that verifies the student's family circumstances and economic situation.

The option of allowing the high school counselor to sign this form is simply for the purpose of establishing a connection between the high school counselor and the college's financial aid administrator to help clarify and document the student's circumstances.

Some college and university financial aid administrators may want to contact the high school counselor for additional information and documentation. Therefore, the high school counselor must provide the following contact information: name, title, telephone number, e-mail address, and mailing address.

Also, privacy laws may limit the information that your financial aid administrator may discuss with your high school counselor. Therefore, you may need to provide an official authorization that permits your financial aid administrator to discuss your situation with your high school counselor.

* If you will not be a first-year college student in academic year 2012-2013, but have extenuating circumstances that preclude your parents from signing this from, contact the college's financial aid office.
