UST Graduate Student Exit Survey

Dear UST Candidate for a UST Graduate Degree,

Congratulations! You are about to celebrate the completion of an important milestone –the earning of your graduate degree from UST. As you have been told, one of the requirements for the completion of the degree is to complete this brief Exit Survey. We need you to help the University attend to how effective we are in preparing you for a successful life post-UST. Your individual survey responses will be revealed to no one. My office, IR, will keep all student responses in a secure database. We will link your answers to your student information and will summarize findings ONLY for groups (e.g., men and women; individuals with a given area of study). If you choose to provide your employment information, that information will be added to your school record in order to allow UST to track outcomes of education. We need your help.

Please take 5-10 minutes to complete this survey, return it to the Degree Auditor for review; he/she will review it and certify your completion of this requirement. Once this is done, the completed survey will be kept secure.

Congratulations again, both to you and to those who have helped support your achievement. Your University family celebrates with you, and welcome to the ranks of the UST alums! Feel free to contact me should you have any questions.

Sincerely,

Mr. Gary McCormack, Vice President, Information Technology; Special Assistant to the President
