String Orchestra Institute

The summer string orchestra institute's mission is to provide intense music training for talented young students and to continue their development as musicians and instrumentalists.

The program will feature a string orchestra that will prepare and perform works from different eras including Baroque, Classical and Romantic periods. Students will experience contrasting music styles and explore new repertoire.

The main purpose of reading sessions is to familiarize students with diverse literature written for the string orchestra. After reading sessions, selected works will be featured in the final concert.

Who should apply?

Students of all ages are invited to apply. Suggested level for violin students is Suzuki book 4 and higher. It is recommended that all instrumentalists have prior solo and orchestral experience but it is not a requirement.
