

Viewing Individual Assignments

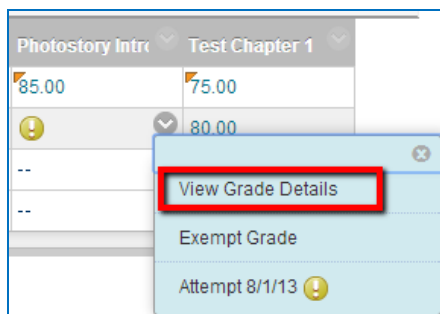

After a student has completed and uploaded an assignment, navigate through Grade Center to view the attempt, add feedback or comments, and assign a grade. If an assignment is waiting to be graded, Grade Center will display a Needs Grading icon (🚩) in the cell corresponding with the submission.

1. Under Control Panel, click **Grade Center**, then **Full Grade Center**.

NOTE: Click the **Assignments Favorite** link to view the Grade Center filtered down to columns for Assignments only, or **Needs Grading** to view the list of all assignments requiring attention from the Instructor.

2. Point to a cell in the Grade Center grid, click the contextual arrow, and select **View Grade Details** from the menu.

NOTE: You can also click the **Attempt (date)** command on the menu to bypass the Grade Details page and proceed directly to the assignment. The Grade Details page will display the history of all attempts so far for any assignment that allows multiple attempts.
