

Making Group Discussion Boards Unavailable

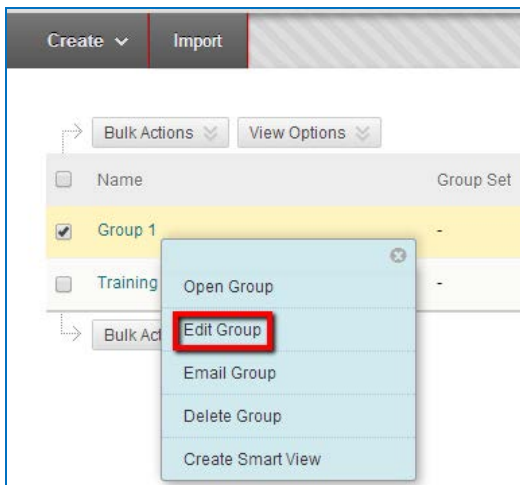

You cannot delete a Group Discussion Board without deleting the group, but you can make the tool unavailable. Any existing posts are not removed—just made unavailable until you make the Group Discussion Board available again.

***NOTE:** When you make a graded Group Discussion Board unavailable, the grade column associated with that Group Discussion Board remains in the Grade Center.*

1. On the Control Panel, expand the **Users and Groups** section and select **Groups**.

2. On the Groups page, access the group's contextual menu, and select **Edit Group**.

3. On the Edit Group page, in the Tool Availability section, clear the checkbox for **Discussion Board**.
