

## Full Grade Center

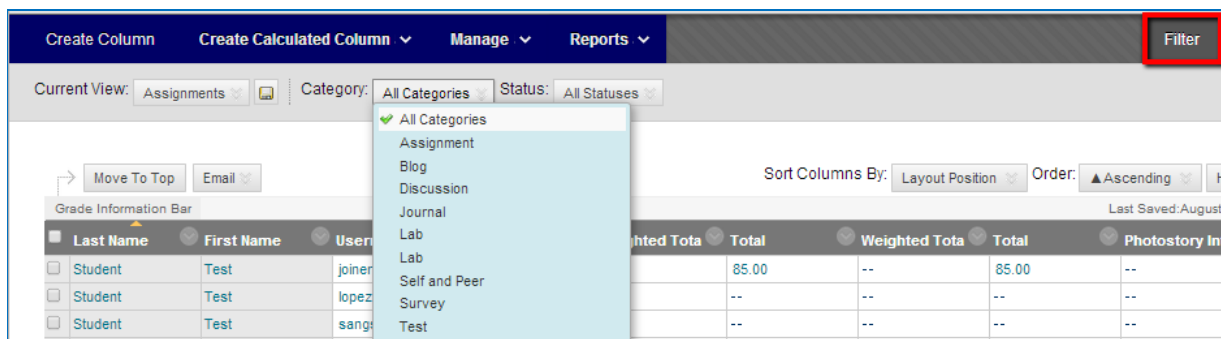

To display a grid with all grade columns for all students in a class, use the **Full Grade Center** link in the course's Control Panel.

1. Log into Blackboard, and select your course.
2. Under the Control Panel, expand the **Grade Center** section, and select **Full Grade Center**.

In the Control Panel, Blackboard also places two Favorite links beneath **Full Grade Center**: **Assignments** and **Tests**. Only the columns for graded assessments of the specified category will appear. You can add Favorites to the Grade Center section of the Control Panel via the Smart Views feature on the **Manage** menu.

To return to Full Grade Center or view a different category, click the **Filter** button to display the filter pane if needed. Point to either the **Current View** or **Category** menu button and select the appropriate option.

A screenshot of the Blackboard Full Grade Center interface. The 'Filter' button is highlighted in a red box. The interface shows a table with columns for 'Last Name', 'First Name', 'User', 'Weighted Total', 'Total', 'Weighted Total', 'Total', and 'Photostory Int'. A dropdown menu is open over the 'Category' field, showing options like 'All Categories', 'Assignment', 'Blog', 'Discussion', 'Journal', 'Lab', 'Self and Peer', 'Survey', and 'Test'.

Last Name	First Name	User	Weighted Total	Total	Weighted Total	Total	Photostory Int
Student	Test	joine		85.00	--	85.00	--
Student	Test	lopez		--	--	--	--
Student	Test	sang		--	--	--	--
