

Adding and Removing Modules

Modules are items that include content, links, or tools that can be added to personalize a page. Users can browse for a module by category or search module titles and descriptions by keyword. Select a module **More** link or the **Show/Hide** toggle to preview that module. Select modules to appear on the Dashboard by clicking the **Add Module** button.

Adding and Removing Modules

You can add or remove modules by clicking **Add Module**. You will get an Add Module page with a list of all available modules.

The screenshot shows the Blackboard 'Add Module' interface. At the top, the title 'Add Module' is highlighted with a red box. Below the title is a descriptive paragraph: 'Modules are items that include content, links, or tools that can be added to personalize a page. Users can browse for a module by category or search module titles and descriptions by keyword. Select a module **More** link or the **Show/Hide** toggle to preview that module. Select modules to appear on the page: My Blackboard'. The interface is divided into three main sections: 'Search' with a search box and 'Go' button; 'Browse by Category' with a list of categories including 'All', 'My Blackboard', 'Student Life', 'Student Services', 'Faculty and Staff Resources', 'Toolbox', 'News and Events', 'Help and Support', and 'Other'; and a list of modules. The 'Alerts' module is highlighted, showing a description 'Don't fall behind. Display notifications of past due and early warnings the courses you instruct. (More)...' and an 'Add' button. The 'Blackboard Mobile' module is also visible, marked as 'Required' and with an 'Add' button. The 'Bookmarks' module is at the bottom, with a description 'Display links to your Content Collection Bookmarks. (More)...' and an 'Add' button. On the right side, there are navigation elements like 'Page 1 of 2' and 'In My Blackboard' links.

Click the **Add** button next to any modules you want to add.

Click the **Remove** button next to any modules want to remove.

On the Dashboard, in the top-right corner of some modules you will find a **Close Module** button. Point the mouse at the top-right corner to reveal the button, and click it to remove the module from the Dashboard.

Managing Modules

You can use the icons in the upper left or right corner to manage your modules. Use the drag & drop functionality to organize your modules.

- A. Drag the module to a new location.
- B. Collapse or expand the module.
- C. Modify module settings.
- D. Remove the module from the Dashboard.

Other modules also have icons to view the contents of the module in a separate window.
