

Notifications Dashboard

The Notifications Dashboard is a feature that can help users keep track of course deadlines (past, current, and future due dates), alerts, items needing attention and any new content that has been added to the course. The information for all courses in which a student is enrolled will be funneled to this page. For Instructors, the information funneled to this page pertains to the courses they are teaching.

The screenshot displays the Blackboard Notifications Dashboard. At the top, there is a navigation bar with "My Institution" and "Notifications Dashboard" (the latter is highlighted with a red box). Below this is a dark blue bar with "Add Module" and "Personalize Page" (with a small "1" icon). The main content area is divided into three columns:

- Needs Attention:** Shows "No Notifications" and "Last Updated: August 4, 2014 3:39 PM".
- Alerts:** Contains three sub-sections: "Past Due" (No Notifications), "Retention Center Alerts" (No Retention Alerts), and "Activity Alerts" (No Notifications). "Last Updated: August 4, 2014 3:39 PM".
- What's New:** Shows "No Notifications" and "Last Updated: August 4, 2014 3:39 PM".

The "To Do" section on the left is expanded, showing "What's Past Due" (All Items (0)), "What's Due" (Today (0) - Nothing Due Today, Tomorrow (0), This Week (0), Future (0)), and "Last Updated: August 4, 2014 3:39 PM".
