

Blackboard 9.1 Viewing Grades

In Blackboard, a student can view his or her grades for various courses via the My Grades page. There are two easy ways to navigate to this page:

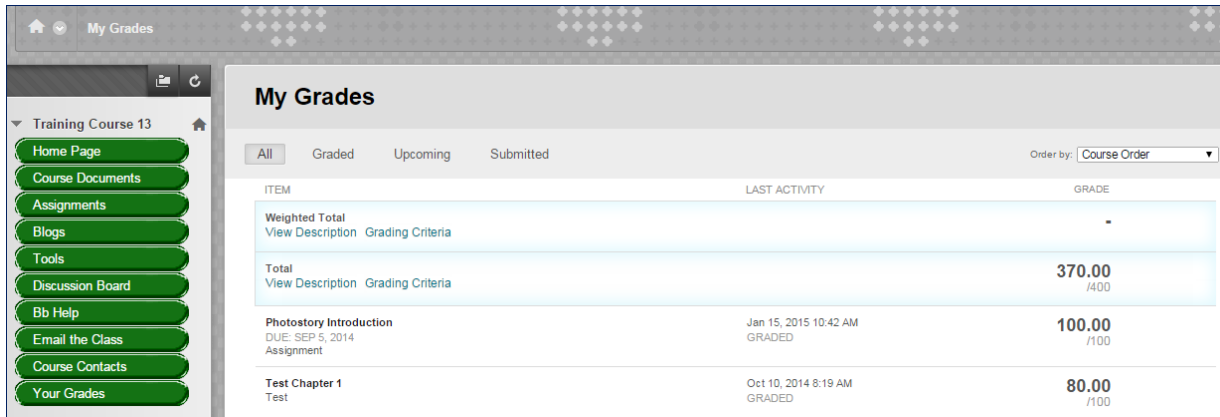

- Click the **My Grades** link in the Tools module on the Blackboard Home Page.
- Click the **My Grades** icon on the Global Navigation menu.

Your instructor may have placed a link to My Grades on the Course Menu, or a link to the Tools Area where you can click **My Grades**. This displays grades only for that course.

Viewing My Grades from a Course

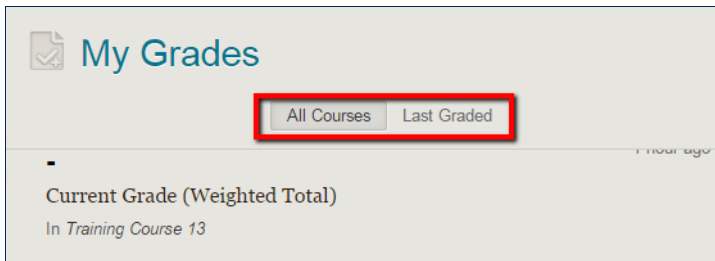

If your instructor has placed a link to My Grades on the Course Menu, you can click that link to view the grades for the current course in the content portion of the window. As illustrated above, you may also click a **Tools** link, and then click **My Grades** in the Tools Area.
