Transfer students should apply to the School of Nursing via NursingCAS (www.nursingCAS.org)

NOTES

Students must take 12 credit hours per semester to maintain financial aid. A student's academic advisor can help a student choose classes to meet this requirement.

This plan is designed for incoming **TRANSFER STUDENTS** who meet the following criteria:

- Have completed 60+ credit hours
- Have completed the UST Core Curriculum (except for Theology and Philosophy, which must be taken at UST)
- Have completed the Pre-Nursing requirements (see degree plan)

Any core or pre-nursing requirements that have not yet been completed must be added to the degree requirements which may delay graduation. Students should continually discuss their individual degree plan with their academic advisor.

This document is intended to act as a guide for degree planning. For complete degree requirements and university policies, please consult the Undergraduate Catalogue or the UST website (<http://stthom.edu>).
