**Pre-Engineering Program**

The University of St. Thomas has cooperative agreements with Catholic University and the University of Notre Dame. The student earns a BS degree in Engineering Physics from UST and a BS degree in the chosen engineering discipline at the cooperative institution upon completion of the program.

Students interested in participating in the Pre-Engineering Program must formally apply to the program by contacting the Chair of the Department of Physics and Engineering. Students must maintain certain GPA standards and complete 98 credit hours before going to the engineering college.
