

UNIVERSITY OF  
ST. THOMAS

# ASSOCIATE OF APPLIED SCIENCE IN NETWORKING TECHNOLOGY

**PREPARE FOR YOUR CAREER IN TECH**  
**OFFERED 100% ONLINE**

Practically every organization in the world relies on a solid network of computers to function. Network administration professionals perform essential support work managing and maintaining computer networks.

The proposed **100% online** Associate of Applied Science in Networking Technology gives you the knowledge and skills to set up, monitor and troubleshoot local area networks (LANs) and wide area networks (WANs).

While it can take 4 years or longer to earn a bachelor's degree, you can complete coursework on your schedule and **earn your associate degree within 2 years**. You'll finish the program empowered with highly marketable skills for a rewarding **career in network administration**.
