

Setting Other Test Options

These are options that an Instructor can set while in the process of deploying a test in a Content Area. They include restricting availability to certain students or within certain dates; what feedback will be presented to students after they have completed the test; whether to display answers as a continuous scroll or one at a time, and whether to randomize the appearance of the questions.

1. If you enforce a time limit and the Force Completion option, you may have students whose abilities limit their testing speed. You may wish to deploy a different test for students with special needs. In the Test Availability Exceptions section, click the **Add User or Group** button to choose students or groups for whom the current test will not be available.

TEST AVAILABILITY EXCEPTIONS

*Click **Add User or Group** to search for course users and groups to add to the exception list. Timer and force completion must be enabled in the previous test availability step to enable those settings for exceptions. If you choose to use groups, you must make the group unavailable if you do not want students to see group members. Click **Remove all Exceptions** to delete all exceptions for the test.*

1. Optionally, set a Due Date and Time for submitting the test, and determine whether students may start the test after that time has passed.

DUE DATE

Set the date the assessment is due. Optionally, do not allow students to take a test once the due date has passed.

*Submissions are accepted after this date, but are marked **Late**.*

Due Date

Enter dates as mm/dd/yyyy. Time may be entered in any increment.

Do not allow students to start the Test if the due date has passed.
Students will be unable to start the Test if this option is selected.

- If the test is an ungraded pre-test, practice test, or self-assessment, uncheck **Include this Test in Grade Center Score Calculations**, which is checked by default. You may also choose to hide the results from Instructors in Grade Center.

SELF-ASSESSMENT OPTIONS

If this test is a self-assessment, choose to include or hide the scores in the Grade Center. NOTE: If an instructor decides to include the test in the Grade Center after it was hidden, all prior attempts will be deleted.

Include this Test in Grade Center score calculations
Grade Center items excluded from summary calculations are also excluded from weighting. Also note that if some weighted items are included in calculations and other weighted items are not, grade weight calculations will be skewed.

Hide results for this test completely from the instructor and the Grade Center
If this option is selected, the instructor will not be able to see any student grades, view answers, aggregate results, or download result details. To protect student privacy, this choice cannot be reversed later without deleting all attempts.

- Determine what feedback to provide to students and when.

SHOW TEST RESULTS AND FEEDBACK TO STUDENTS

Test results and feedback are available to students after they complete a test. Set up to two rules to show results and feedback. Rules occur based on the events selected. Each rule specifies when and what to show students; such as scores, answers, and feedback for each question.

When (i)	Score per Question (i)	Answers (i)	Feedback (i)	Show Incorrect Questions (i)
After Submission ----Choose---- After Submission One-time View On Specific Date After Due Date After Availability End Date After Attempts are graded	<input checked="" type="checkbox"/>	<input type="checkbox"/> All Answers <input checked="" type="checkbox"/> Correct <input checked="" type="checkbox"/> Submitted	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/>	<input type="checkbox"/> All Answers <input type="checkbox"/> Correct <input type="checkbox"/> Submitted	<input type="checkbox"/>	<input type="checkbox"/>

- When:** Choose the time to reveal feedback in the students' My Grades view.
 - Score:** Present to students their final scores. This is checked by default.
 - All Answers:** Display all answer choices for Multiple Choice and Multiple Answer questions.
 - Correct Answers:** Present the correct answers after completion of the test. (*NOTE: If other students have yet to take the exam, unless a robust honor system is in place, this may not be a wise option.*)
 - Submitted Answers:** Present the students' answers for their review.
 - Feedback:** Present any feedback comments, built into the questions, to students regarding their answers, whether correct or incorrect.
 - Show Incorrect Questions:** Present questions answered incorrectly, without necessarily showing the correct answers.
- Choose from the following Test Presentation options. In this example the questions will be given all at once and not randomized.

TEST PRESENTATION

All at Once
Present the entire test on one screen.

One at a Time
Present one question at a time.

Prohibit Backtracking
Prevent changing the answer to a question that has already been submitted.

Randomize Questions
Randomize questions for each test attempt.

- **All at Once:** Select this option to present the entire assessment on one screen to the student.
- **One at a Time:** Select this option to display one question at a time. Students will be given navigation tools to move between questions.
- **Prohibit Backtracking:** Select this option to prevent students from returning to questions they have already answered. This option is available only if questions are presented one at a time.
- **Randomize Questions:** Select this option to display questions in a random order each time the assessment is taken.

5. Click **Submit**.

6. A success message is displayed.

Success: Judicial Branch Test Options Edited.

7. The test now appears in the Content Area selected. The Instructor may continue editing the test content and options until the specified Display After time arrives.

Judicial Branch Test

Availability: Item is not available. It will be available after Sep 17, 2014 8:00 AM.
 This test covers the structure and functions of the Federal judiciary, including the Supreme Court and all lower courts.
