Fact Book

2005 - 2006

A Great Catholic University

CORE VALUES

GOODNESS: We serve God in faith and love by giving of ourselves to students, colleagues, and society.

DISCIPLINE: We demand personal responsibility, accountability, and integrity in ourselves and in one another.

KNOWLEDGE: We pursue truth and academic excellence in the Catholic intellectual tradition, emphasizing the dialogue between faith and reason.

COMMUNITY: We build and nurture relationships that transform our lives, our university, and our world.

MISSION STATEMENT

We are the University of St. Thomas, the Catholic university in the heart of Houston. We are committed to the Catholic intellectual tradition and the dialogue between faith and reason. By pursuing excellence in teaching, scholarship, and service, we embody and instill in our students the core values of our founders, the Basilian Fathers: **goodness, discipline, and knowledge.**

We foster engagement in a diverse, collaborative **community**. As a comprehensive university grounded in the liberal arts, we educate students to think critically, communicate effectively, succeed professionally, and lead ethically.

VISION STATEMENT

"We have decided that within 25 years we will become one of the great Catholic Universities in America."

STRATEGIC INITIATIVES

Our vision of building a great Catholic university for the future entails making a firm commitment in the present. Over the next five years we will lay the foundations of our vision by focusing on four strategic initiatives that will guide all our activity. We will therefore:

1. Assert our identity, academic brand, and image as a Catholic university imbued with the Basilian tradition.
2. Strengthen the academic excellence of our faculty and students and the quality of a UST education.
3. Build a more engaged campus community as we increase enrollment.
4. Invigorate and expand our relationships with alumni, external stakeholders, and the community.

UST AT A GLANCE

OVERVIEW

The University of St. Thomas is an independent, Catholic, coeducational university that has a strong tradition in and commitment to the liberal arts, which is reflected in the core curriculum required of all undergraduate students. UST is located near Houston's downtown in the heart of the city's cultural and recreational district, and has served the city and region for over fifty years. The University enrolls 3,776 students. Of these, 3,095 are campus-based undergraduate and graduate students. UST is committed to becoming a great Catholic university with a focus on undergraduate education, and is taking the steps necessary to prepare for and hand over such an institution to the next generation.

FACULTY

UST is served by 121 dedicated full-time faculty, 82 of whom are tenured, and by 153 part-time faculty. The faculty have earned a reputation not only for their academic excellence but also for their special interest in our students. They have studied at institutions of higher learning around the world, and 88% of the full-time faculty possess the recognized terminal degree in their field.

STUDENTS

The fall 2005 campus-based student body consisted of 1,884 undergraduates and 1,211 graduate students. The male to female ratio is approximately 1 to 1.5. Of the entering freshmen class, 29% were in the top 10% of their high school class, and the middle 50% of the entering freshmen class had SAT I scores between 1070 and 1260. Over 90% of UST students hail from Texas; 3.5% are from 30 other states in the U.S.; and 5.7% are from 57 other countries.

A UST education is a quality education. Of the students who began at UST as freshmen and who applied to medical schools from fall 1999 through spring 2004, 81% were accepted to medical school. In addition, our pre-dental program has also been quite successful, boasting a 100% acceptance rate in four of the last six years for which we have data. For the past five years for which we have data, 75% of UST's pre-law applicants earned admission to one or more law schools.

UST students are also well prepared for licensing exams. For the most recent CPA exam for which comparative information is available, UST students attained a 93% pass rate, while the state pass rate was only 72%. In 2002-2003, teachers prepared at the University of St. Thomas fared exceedingly well on their state exams with a 99% pass rate.

ALUMNI

UST has over 15,700 alumni. Of the 12,488 living alumni whose locations are known, 74% reside in Houston; 9% live elsewhere in Texas; 15% live elsewhere in the U.S; and 2% live outside the U.S. The Alumni Association provides the means for continuing the relationship between the University and its alumni.

FINANCIAL

UST's fiscal year 2006 operating budget is \$36.7 million. The value of pooled investments on June 30, 2005 was \$41.0 million. Nearly \$5.2 million in institutional scholarships and financial aid has been awarded to students for 2005 – 2006.

The University of St. Thomas is committed to providing equal educational opportunities without regard to race, color, religion, sex, age, national or ethnic origin, disability or veteran status. The University of St. Thomas does not discriminate on the basis of handicap in admissions or access to its educational programs or activities. This policy of nondiscrimination extends to employment in the institution. Such discrimination is prohibited by the Rehabilitation Act of 1973.

BOARD OF DIRECTORS

From 1947 through 1950, the President of the University was Chair of both the Board of Directors and the Advisory Board of Trustees. While the President continued as Chair of the Board of Directors, a provision was made for a lay Chair of the Advisory Board of Trustees on December 27, 1950. Ralph J. Mulvey was elected the first lay Chair of the Advisory Board of Trustees. On October 7, 1971, Robert P. Doherty, Jr., was elected the first lay Chair of the Board of Directors. On July 1, 1988, the Board of Directors and the Advisory Board of Trustees merged to form one Board of Directors consisting of forty members.

Double and Joint Majors

Many double majors and joint majors are available. For a double major, a student completes all requirements for each major. For joint majors, many departments have developed courses of study with other disciplines, and students can meet with department chairs for approval to combine other majors into a joint program.

Five-Year Joint Bachelor's and Master's Degree Programs

Five-year programs are available combining undergraduate degrees (BA or BBA) in accounting, business administration, economics, finance, and international studies with graduate degrees in business administration (MBA) and international business (MIB).

A five-year program is available combining an undergraduate degree with a major in Spanish and minor in business (BA) with a graduate degree in business administration (MBA).

ACADEMIC RESOURCES

The Robert Pace and Ada Mary Doherty Library, the main university library, has over 225,000 volumes and access to more than 16,000 Periodical subscriptions. The library provides various study areas, including a silent reading room, for students and faculty. The Doherty Library uses the Dynix Horizon automated library system and also subscribes to approximately eighty online databases, accessible from on-campus or from home. There are also listening and viewing facilities for the library's collection of non-print materials. The library web address is <http://library.stthom.edu/>.

The Hugh Roy Marshall Graduate Philosophy Library reference collection is located on Doherty Library's second floor. The Graduate Philosophy's main collection is located in Doherty Library's lower level. This collection of approximately 11,000 volumes houses many valued items that are especially strong in Thomism.

The Frank E. and Marilyn Tritico Library, containing over 2,000 volumes, is maintained by the School of Education, with the collection located on the first floor of Malloy Hall. It includes a large holding of state-adopted textbooks for use in teacher education.

The Music Library in Cullen Hall has about 2,800 scores and 17,750 audio recordings as well as listening stations for student use.

The Cardinal Beran Library at St. Mary's Seminary is an integral part of the University's Graduate School of Theology. It has approximately 59,315 volumes, current subscriptions to 379 journals, 11,407 bound volumes, 1,350 pamphlets, 2,233 audio-visual items, 3,204 microform/fiche, and various CD-ROM resources. Special collections include selected primary resources of the late eighteenth and early nineteenth century Catholic writers, available for historical research. The library is also the beneficiary of books from the UST Newman scholar, Fr. Richard Schiefen, CSB. Additionally, there is a developing collection of primary resources relating to Vatican II. Spanish theological titles are obtained when available. The library web address is <http://beran.stthom.edu/>.

ACADEMIC RESOURCES

LEARNING AND WRITING CENTER

The UST educational program encourages writing in all courses and emphasizes appropriate writing for different disciplines within the humanities, natural sciences and social sciences. At the Learning and Writing Center (LWC) students receive personalized instruction in writing from trained student tutors. Peer tutoring is also available for most of the subject areas in which they are taking courses. Because of its wide range of academic services, the LWC is another means by which the University fosters the highest potential of all its students.

ACADEMIC PROGRAMS

STUDY ABROAD

The Study Abroad Program assures participating students the opportunity to gain international experience through collegiate-level group and individual academic study programs. Study abroad offerings serve additionally to internationalize the curriculum campus wide. Students may study abroad as individuals or with our group programs. The University offers a rotating list of group programs staffed by its own faculty in England, France, Ireland, Italy, Mexico, and Spain. Many other opportunities are available to students through consortial arrangements. For more information, please refer to www.stthom.edu/abroad.

HONORS PROGRAM

The Honors Program embodies the goals of a Catholic liberal arts education at the University of St. Thomas and fosters the realization of these goals in a more challenging and demanding learning environment for a select number of students. Placed in small classes that emphasize dialogue and civil conversation, honors students are provoked to probe the intellectual, cultural and spiritual foundations of their education as well as acquire the means to use this deeper understanding in service to their families, professions and communities. The Honors Program is administered by a director and an Honors Program Committee composed of six faculty members and one student member.

LIVING LEARNING CENTER

Established in fall 2001, the Augustine Hall Living Learning Center is a one-year, integrative, residential service-learning program for freshmen that focuses on the fundamental values of Catholic higher education. Augustine Hall strives to create a living and learning environment dedicated to discovery and dissemination of truth, aesthetic sensitivity, and a passion for justice and compassion for all. Housing 22 freshmen, assisted by 6 peer mentors, 2 resident assistants and a full-time, professional staff member, Augustine Hall features a unique opportunity for select students to explore knowledge gained from shared coursework, and to integrate knowledge and values into their lives through service projects and community activities, encouraging intellectual, emotional, social, moral and spiritual growth as individuals and as a community.

STUDENT-FACULTY RESEARCH

All students at UST have the opportunity to work directly with faculty on original research. Student-faculty research provides exciting opportunities to not only learn about the work of other scholars, but also to become knowledgeable about the methodology of knowing within a given discipline. Students learn the essential elements of scholarship, inquiry, and knowledge generation. Participating in this type of research promotes students' experiences as scholars, and this positions them favorably in the context of peers nationally. Each spring, UST students present the results of their research at UST's Research Symposium. The most recent symposium, held in April of 2005 included 103 oral presentations and 39 poster presentations by 181 student presenters from 20 academic departments. An exciting change in 2006 is that the UST Research Symposium will move to a two-day event. Our student-faculty research activity embodies our mission of the pursuit of academic excellence, the thrill of discovery, and the diverse

ACADEMIC PROGRAMS

STUDENT-FACULTY RESEARCH (continued)

opportunities for an outstanding faculty and talented students to work together in an authentic community of learning. Such research is now a key ingredient of a UST education, and one that will increasingly mark our distinctive identity in the years ahead. In addition to presenting to the UST community, some students go on to present their research at conferences and other symposiums. Other students have their research printed in scholarly books and journals. For more information, go to <http://www.stthom.edu/urc/>.

COOPERATIVE PROGRAMS

The UST Department of Fine and Performing Arts and the Glassell School of Art at the Houston Museum of Fine Arts collaborate in offering a major, minor and elective courses in Studio Art. This joint effort gives UST students access to the extraordinary resources of the Glassell School and to instruction offered by the outstanding artists on its faculty.

UST has engineering cooperative agreements with three universities. These agreements allow a student to spend three years at UST, and then transfer to Texas A&M University, the University of Houston or the University of Notre Dame. The student earns a BA degree in mathematics from UST and a BS degree in the engineering discipline.

The University of St. Thomas has a cross-enrollment agreement with the University of Houston that allows UST students to enroll and participate in the University of Houston's Army ROTC program. The goal of the program is to develop technically competent, physically fit and highly motivated men and women for positions of responsibility as commissioned officers in the Army. The leadership and managerial experience gained through ROTC provides great benefit for students in both their civilian endeavors and their military careers. Monetary benefits are associated with ROTC involvement, to include monthly stipends for all students enrolled in the Advanced ROTC Course.

The informal partnerships between UST and various two-year community colleges enable the community college student to make a smooth transition from the two-year college to the University. Typically, students complete the first two years of study at the community college, but transfer to UST may occur at any time.

The University of St. Thomas continues to collaborate with Houston Independent School District (HISD) to support a dual language program at the Helms Community Learning Center (HCLC) and at Hamilton Middle School. Both of these schools are located in the Heights neighborhood of Houston. Research conducted by School of Education faculty has demonstrated the positive effects of this program. The University also supports faculty development in both of these schools in the areas of language arts, math, and science. UST also continues to sponsor a summer academy with Reagan High School, which completes the Helms-Hamilton-Reagan feeder pattern.

In a continuous effort to improve and to expand the quality of teacher education, the UST School of Education fosters community partnerships with various school districts to include: Alief, Cy Fair, Houston, Klein, Pasadena, Spring Branch, Tomball, and the Diocese of Galveston-Houston. The School of Education also participates in partnerships with Rice University, University of Houston, University of Houston-Downtown, Texas Southern University, and the Houston Community College System. UST is also a partner to HISD, Pasadena, and Alief in preparing teachers through Alternative Certification Programs. These programs are field based and work with degreed students who want to complete teacher certifications.

PRAYER FOR THE UNIVERSITY OF ST. THOMAS

O God, who desires that all people should come to the knowledge of the truth,
And to this end did enlighten the world with the wonderful learning of St. Thomas Aquinas,
Mercifully grant that this University dedicated to his name,
May be a seat of wisdom to the young,
A mother of good counsel to the community,
A blessing to all its benefactors,
And as your eternal Truth did become flesh and dwelt among us,
So may that same Truth become action in all your students,
That they may think the things that are right,
And under your merciful guidance perform the same,
Through Christ Our Lord. Amen.

---- Prayer given to students by Bishop Fulton J. Sheen

The University of St. Thomas is a private institution committed to the liberal arts and to the religious, ethical and intellectual tradition of Catholic higher education.

UNIVERSITY SEAL

The colors of the University of St. Thomas are red and gold. On the seal, the golden cross of our Faith symbolizes the Divinity of Christ the King, while the background of red is the humanity of Christ.

The dove and rayonnant sun in the first quarter are symbols of St. Thomas Aquinas. In the second quarter the star is for the "Lone Star State" and for the Mother of Christ under the title of "Star of the Sea." The hyacinth in the third quarter reminds us of San Jacinto, the river and battlefield near Houston where the independence of Texas was won. The second dove in the last quarter is the symbol of St. Basil, patron of the Basilian Fathers, who founded the University of St. Thomas.

Thus, on the shield St. Thomas and St. Basil, Doctors of the Western and Eastern Churches, respectively, represent the universality of the Church. The motto, *Crescamus in Christo*, reminds us that as we advance in knowledge and wisdom, we should also grow in love and service of Christ.
